

Overseas Holiday Accommodation and Tours

This list has been compiled as a result of many requests for information for accessible overseas accommodation. Unlike the majority of our literature we have not visited the places included ourselves. However each place mentioned has wheel-in showers and is either owned by a wheelchair user or has been recommended by one. We have tried to ensure the information is correct but we strongly urge you to consult with the owners of each venue about the appropriateness for your own specific needs.

Bali

Villa G at Ellora Villas in Bali has been specifically adapted for people with disabilities and has step free access. It sleeps up to four people in two double bedrooms, one of which has a very large en-suite wet room.
